VOKKERO GUARDIAN PLUS

THE FULL DUPLEX RADIO DESIGNED FOR THE COORDINATION AND SAFETY OF MOBILE TEAMS

KEY BENEFITS

- Developed and made in France
- Hands-free systems, full duplex communication: instant and continuous
- 16 kHz HD audio quality combined with our innovative noise filter
- Lightweight, robust and easy to deploy
- «Group» function with unlimited number of users
- Secure communication: AES128 military-grade encryption
- Bluetooth compatibility

Wireless and full duplex, the VOKKERO GUARDIAN PLUS radio makes it possible to establish communication and improve coordination, comfort and protection of teams in the most complex field environments.

Intuitive and quick to learn, it allows you to be operational within minutes.

VOKKERO GUARDIAN PLUS is particularly suited to field teams in the civil and military security sectors, health, etc.
