

WATERPROOF CASE WITH MOLLE CLIP DOCK

Waterproof case featuring a grommet system to ensure a watertight connection between your headset and the VOKKERO radio.

With a "Dock system" clip, the VOKKERO system can be hooked onto any support for hands-free communication.

Référence: AQP 400

FEATURES:

EASY ACCESS

Gives access to all VOKKERO commands

RECEPTION / TRANSMISSION

No impact from radio reception and transmission in the case

COMFORT

The "Dock System" allows hands-free use of the VOKKERO GUARDIAN, yet is quick to unclip

DOCK SYSTEM

Can be mounted on any clip (horizontally or vertically) with the "Dock System" clip system
