

ITS ADVANTAGES

Timeless deployment without configuration

Hands-free system, full duplex and continuous communication

Clear, reliable sound; innovative noise filter, low latency

4 users maximum in the same conference

3 communication channels available

Affordable solution tailored to your needs

VOKKERO STAGE is the latest generation of intercoms developed by VOGO and dedicated to audiovisual technicians. Ready-to-use, the VOKKERO STAGE kit is easy to operate in total autonomy and can equip up to 4 users. It includes VOKKERO's patented noise

filter technology and guarantees continuous full duplex communication. Designed specifically for small technical teams, it offers the VOKKERO quality while adapting to the most constrained budgets.
